### **RELEASE OF ASSESSMENT RESULTS**

Results are released to students over the student portal. Auston in-house programme results are finalized, however, for the University results, it will be provisional until confirmation from university partners. External partners may choose to release their results over their student portal or through Auston. Whichever platform is selected, Auston will be responsible to inform students in advance.

Students may choose to appeal the decision of the Exam Board.

## STUDENT APPEAL POLICY

### **Specialist Diplomas, Diplomas and Higher Diplomas**

Students have the right to appeal their exam results. This will result a full remarking of their script that may result in either an increase or decrease in final score. The complete policy is listed below.

- Within 10 working days from the release of assessment results for Internal Course students to submit an appeal for self-developed programmes to appeal results. An appeal form must be accompanied by a copy of the results
- An Appeal Panel shall be formed by 3 academic staff, with at least 1 member shall be from the Examinations Board, and shall review the applicant's original script.
- There should not be any communication between the student and the marker upon the student's intention to submit an Academic Appeal Form until the outcome of the appeal is known.
- If the appeal results in an improved grade, it shall be modified in the applicant's transcripts and records.
- If the appeal results in rejection, the applicant's paper and reason for rejection shall be discussed in the presence of the applicant by the Teaching and Delivery Team.
- An administrative charge of \$250 (subject to prevailing GST) per module appealed shall be payable by the students, regardless of the outcome of the appeal.
- To make an appeal, students must complete the relevant Academic Appeal Form.
- The Teaching and Delivery Team is to acknowledge the receipt of the Academic Appeal Form within 3 working days and proceed to submit the appeal to the Programme Leader.
- The Programme Leader is to review the appeal request and decide if it is a valid appeal. The appeal request must be justifiable with substantiating evidence by the student to be approved.
- If the request qualifies for an appeal, the Programme Leader may appoint the original marker to review or appoint a different marker to reassess the student's examination script.
- If the appeal is found to not be justifiable, allegations made by the student may warrant a disciplinary action, including expulsion.
- An Appeal Board will be formed and a decision shall be returned to the students within 4 weeks of filing (unless otherwise stipulated).
- The decision of the panel shall be final and may not be challenged further.

### **Bachelor and Master Programmes**

Upon confirmed External partner programme results, the students have the right to appeal to view their scripts through Auston or they can appeal their exam results directly through the University.

Every module is marked in relation to the learning outcomes, and a pass mark means that students have achieved them. Marks are moderated between teaching staff and endorsed by external examiners. These systems help to ensure that the marks are fair.

### **OTHM Programmes**

Upon confirmation of the External Quality Assurance decision on the results, the students have the right to appeal against assessment decisions by appealing directly through OTHM.

### **Appeal to View Failed Scripts**

The Appeal Form must be submitted to the Customer Success Team within 10 working days from the official release of results on the student portal. An administrative charge of \$250 (subject to prevailing GST) per module appealed shall be payable by students, regardless of the outcome of the appeal. During the consideration of the appeal, students may continue in the course as per normal. If the appeal is rejected, the decision of the Examination Board shall stand. Full details of the appeal where requested must be furnished for the consideration of this appeal. If any piece of information submitted or declared above is found to be false or misleading, the appeal will be rejected and action may be taken against the students for academic misconduct.

### **Appeal Directly to the University**

Students can appeal directly to the University, however, subject to the grounds of appeals as stated by the respective University's appeal regulations and within 10 working days from the publication of results. For the University of the West of England, the students are able to read the full details for the appeal procedures via the [UWE website](#).

### **GROUNDINGS FOR APPEAL**

There are only two grounds for appeal:

- There are only two grounds for appeal; a material administrative error (for example, that the assessment was not conducted in accordance with the programme regulations, or that some other procedural defect has occurred) or extenuating circumstances which student were unable for valid reasons to divulge at the proper time (normally within 10 working days for all programmes).
- If students appeal on the grounds of material or procedural error, a written evidence of the error must be provided.

An appeal on grounds of extenuating circumstances will only be considered if students are able to provide good reasons why students did not submit an extenuating circumstance claim form by the

appropriate date. Without good reasons, students cannot appeal on grounds of circumstances which students knew about before the Examination Board. An appeal is likely to be rejected if students say that their circumstances were too sensitive to reveal before the meeting of the Appeal Panel, but students are able to explain them now that students have their results. Students also need to provide authentic documented evidence of their extenuating circumstances as well as explaining why they did not submit them before. In the event that the documentary evidence of extenuating circumstances relates to an individual or individuals other than themselves (for example, a relative), students will need to provide authentic documentary evidence to verify their connection or relationship to the named individual(s).

Students cannot appeal on the grounds that they did not understand or were not aware of programme or University regulations, or of the procedures for submitting extenuating circumstances or asking for an extension of the coursework deadline.

To make an appeal, students must complete the relevant Academic Appeal Form. Appeal Panel will be formed and a decision shall be returned to the student within 4 weeks of filing (unless otherwise stipulated)

#### **Appeal Directly to OTHM**

Students can appeal directly to OTHM, however, only after Auston internal procedures have been exhausted or students remain dissatisfied with Auston's appeal decision. It will also be subjected to the conditions of appeals as stated by OTHM's appeal regulations and within 14 calendar days from Auston's internal appeal decision. The students are able to read the full details for the appeal procedures via the [OTHM website](#).

## ASSIGNMENT / PROJECT SUBMISSION STANDARDS

### SUBMITTING ASSIGNMENTS

All text based summative assessments i.e. written coursework that is being marked as part of your overall mark for an individual unit should normally be submitted online. Written coursework must be uploaded online to the proper software facility for submission and students cannot choose to hand in a hard copy to the lecturer instead.

All assignments must be handed-in by specified due date and it must be submitted by the due date and time as specified on student online portal, unless another due date advised or granted in advance by the school. Students are advised to submit in advance of the final deadline whenever possible and are expected to submit work on time. Penalties apply for late submission.

<b>Auston Specialist Diplomas, Diplomas and Higher Diplomas</b>	<b>OTHM Level 7 Diploma</b>	<b>Top-Up Degree &amp; Master (UWE)</b>
Online submission will involve the use of Google Classroom Similarity Check. Students are required to access Google Classroom with the Auston email ID provided.	Online submission via email directly to lecturer.	Online submission will involve both Google classroom and UWE Blackboard (SafeAssign). An Assessment can only be submitted for marking once.

Submission without any of the above steps will be considered incomplete and subject to late and non-submission penalties. Students cannot hand in a piece of work electronically or as a hard copy to the lecturer and then decide to submit a different version by the deadline date. A second submission will not be marked.

### LATE ASSIGNMENTS AND SUBMISSIONS

All assignments are to be submitted by the due date. Late submission is not allowed unless with prior approval from the lecturers (Auston Programmes) or the University (UWE programmes). Assignments/ projects submitted after the due date will be penalised with marks deduction unless an extension has earlier been granted in writing.

For courses awarded by Auston, students are required to submit their assignment on the due date given; otherwise it may result to a mark deduction of 5% each day. No submission is accepted 3 days after the submission deadline and a zero mark will be awarded.

For courses awarded by our University partners, late submission is subject to the regulations specified by the University.

### **ASSIGNMENT SUBMISSION STANDARDS**

These are guidelines for the preparation of written coursework/ project submission:-

- Online submission:
  - ✓ File format: MS Word (.doc and .docx) or Portable Document Format (.pdf)
  - ✓ File size MUST not exceed 10MB.
  - ✓ In document header, it must remark with student name, student number and unit number.
  - ✓ In document footer, it must indicate page numbering in format 'Page X of X pages'.

Where students are submitting a joint Assessment as part of a piece of group work, the student number for each member of the group must be stated on the Assessment cover sheet. One member of the group should then submit the Assessment on behalf of the group using their personal name and student number in the header/footer of the Assessment putting 'group rep' after their name. The Assessment will then be marked as a piece of group work.

Students are advised that where a piece of group work has been submitted by a single member, the Google Classroom Similarity report and the marked work can only be accessed and returned electronically to that individual student. It is therefore important that the nominated member of the group is available within the feedback timescale.

## **EXAMINATION MATTERS**

### **EXAMINATION NOTIFICATIONS**

All students are required to sit for examination(s) as per requirements of the course programme. Examination week is specified in the Standard PEI-Student Contract and email notifications.

### **EXAMINATION ELIGIBILITY**

To be eligible to sit for the examinations, students must

- Have cleared all their outstanding fees.

### **ABSENCE FROM EXAMINATIONS**

Students who are absent for any examination shall be deemed to have failed the examination/ in-course assessment unless the School is satisfied that there is valid and acceptable reason(s) for the absence.

Submission of a valid medical certificate does not mean students automatically are eligible to sit for an examination or assessment at an alternative date/time. It is subject to the approval of the school Exam Board and the university examination rules and regulations, if applicable.

### **PUBLICATION OF EXAMINATIONS RESULTS**

The examination results will be released in the Student Portal. Log on at [www.auston.edu.sg](http://www.auston.edu.sg). For University Partner programmes, provisional results will be published. The final results and grading will be updated after confirmation by the University Partner. Examination results will not be released over the telephone or given by the Customer Success Team.

The Statement of Results for each term can be printed from the Student Portal.

## RESIT OF EXAMS AND RESUBMISSION OF ASSIGNMENTS

Where students fail with an “F” grade in an examination or module assignment, there is a provision to re-sit the examination or re-submit the module assignment, unless different examination regulations as specified by the University (refer to annexes), and subject to the passing requirements for each level and/or course.

Number of Reattempts*	Failed Module
First Reattempt	Re-Sit or Re-Submit failed component/s
Second Reattempt	Reattempt by attendance (Remodule)
Third Reattempt	Re-Sit or Re-Submit failed component/s
Fourth Reattempt	Reattempt by attendance (Remodule)

\*All Reattempts are as confirmed by the Examination Board

\*All Reattempts marks are capped accordingly

Reassessment opportunities are available to all students to enable them to redeem their failed grade. Reassessment will be done on the next available opportunity, to be determined by the Examination Board.

An “F” result status will be confirmed if students do not turn up for the re-sit examination or re-submit the assignment. No deferment of the Re-sit/ Re-submission will be allowed.

For programmes awarded by Auston and UWE, reassessment of a module or component shall normally be restricted to a maximum of four reattempts as shown in the table above. After the 4<sup>th</sup> reattempt of the module, if the student fails the module again, the student may be removed from the programme (subject to the Examination Board’s decision). Please refer to annexes for different University’s requirements.

Passing Marks for programmes of different levels

Programmes	Component/ Task/ Criteria	Final Mark	Exception
Specialist Diploma	30%	40%	If Final Mark is more than 40%, and the component mark is equal or more than 30%, it is considered pass
Diploma (DCPM)	40%	40%	If Final Mark is more than 40%, and the component mark is equal or more than 40%, it is considered pass
Higher Diploma	40%	40%	If Final Mark is more than 40%, and the component mark is equal or more than 40%, it is considered pass
Bachelor (UWE)	40%	40%	If Final Mark is more than 40%, and the task mark is equal or more than 40%, it is considered pass
Master (UWE)	50%	50%	If Final Mark is more than 50%, and the task mark is equal or more than 50%, it is considered pass
Post Graduate Diploma (OTHM Level 7)	Pass	Pass	Students need to pass all Assessment Criterias in order to pass the overall module

If students fail a module, the component/ task that is failed will be reassessed; the mark in the other components that is passed shall normally be carried forward and combined with the reassessed component. For OTHM Level 7, if students fail a module, the task that is failed will be reassessed and the grading criteria will either be Pass/ Fail.

Non-submission of coursework and failure to sit for examination without valid reason constitute as a no-attempt. In such cases, the student will immediately fail the module and is required to remodule.

**Auston Programmes (Specialist Diploma, Diploma - DCPM, Higher Diploma):** Any module component that is failed at the first sit and is passed at the reattempts will carry an overall capped mark of 40% for Auston programmes without the Examination Board nullification for the original attempt(s) (e.g. on medical grounds).

**Auston Programmes (Diploma - OTHM Level 7):** Any assignment task that is failed at the first sit will be reassessed.

**Bachelor and Master Programmes:** Based on 19/20 UWE Academic regulations, module marks are no longer capped at the pass mark (40 marks) if a student needs to undergo a resit/ resubmit or a remodule and have not been previously capped.

When any module is discontinued, there shall normally be two opportunities for re-sit assessments at times stipulated by Auston, unless specified in the University assessment regulations.

Unless there are strong reasons to the contrary the re-assessment for Auston programmes shall normally be carried out by the same combination of written examination, coursework etc. as in the first sit though the particular components to be re-sat by each student shall be determined by the Examination Board.

For University (UWE) programmes, the re-assessment components will be based on the respective module's Module Specification. However, this will also subject to confirmation by the University's Examination Board.

## **AWARDS AND CLASSIFICATIONS**

### **GENERAL**

After the results of module assessments have been confirmed by the Examination Board, student will automatically be entitled to the award achieved on the criteria listed in the Regulations, subject to satisfying any specific requirements of the programme of study on which the student is registered.

## **STUDENT ACADEMIC HONESTY POLICY**

There is an expectation for students to be authors of their own work, and to acknowledge when they use other authors' words or ideas.

Any examples of inappropriate use of sources or use of others' work in place of your own, will then be penalized. Failure to understand and follow protocol on academic conduct may ultimately result in a student being subjected to disciplinary actions or auto-withdrawn from his/her course.

Academic misconduct consists of the 6 categories below:

### **1) Plagiarism**

Plagiarism is the presentation of thoughts or works of another as one's own. Without limiting the generality of this definition, it may include:

- Copying or paraphrasing material from any source without due acknowledgement;
- Using another's ideas without due acknowledgement (e.g. textbooks, internet sources)
- Working with others without permission and presenting the resulting work as though it was completed independently.
- Using the work of a fellow student or student from the same course.

Student who knowingly and willingly allows his/her work to be copied by other student is deemed to have similarly partaken in academic misconduct and will be imposed with a similar penalty.

Plagiarism is a serious academic offence and if detected will result in disciplinary action. Substantiated plagiarism will be referred to the Examination Board Committee to determine the extent of offence and advice on penalty.

### **2) Collusion**

A form of cheating which occurs when people work together in a deceitful way to develop a submission for an assessment which has been restricted to individual effort. This includes:

- Submitting entirely as your own, work done in collaboration with another person(s), with intention to gain unfair advantage;
- Assisting another person in the completion of work submitted as that other person's own unaided work;
- Permitting another person to copy all or part of your work and submit it as their own unaided work.

All coursework must be submitted to Google Classroom Similarity Check (except for UWE modules that has to be submitted to SafeAssign) before submitting to Google Classroom (and) the respective University Portal. Coursework not submitted to Google Classroom Similarity Check will not be marked.

Coursework that involved purely calculation, may not be submitted to Google Classroom Similarity Check . They, however, will be subjected to Collusion check.

### 3) **Cheating**

An act which involves unauthorized use of information, materials, devices, sources or practices in completing academic activities. Refer to '**EXAMINATION STANDING INSTRUCTIONS**' for more details of Cheating.

### 4) **Falsification of Data**

- Deliberate alteration, fabrication, or manipulation of research or experimental data to support a particular hypothesis, conclusion, or desired outcome
- This may include altering measurements, omitting data points, inflating results, or creating entirely fictional data

### 5) **Falsification of Citation**

- Improperly or falsely citing sources or misrepresenting the significance of sources in academic writing
- This may include citing non-existent sources, exaggerating the importance of a reference, or citing sources that don't support the claims being made.

### 6) **Contract cheating**

## HONOURS CLASSIFICATION

For Bachelor Degree awards by the University, assessment Criteria shall be as follows:-

Student will only be considered for an award of an honours degree when they have successfully completed all stipulated modules on their programme.

The classification of a Bachelor's Degree with Honours shall be based on the average mark of the best 100 credits worth of modules (or equivalent number of modules) including the final project module. The average shall be rounded to the nearest whole number before being used to establish the classification (.5 being rounded up).

Honours classifications are awarded as follows:

Marks (%)	Honours Classification
70% and above	1 <sup>st</sup> Class
60% to 69%	2 <sup>nd</sup> Class Upper
50% to 59%	2 <sup>nd</sup> Class Lower

When the pass requirements for the honours award have been satisfied, the classification calculation must use the marks achieved at the first attempt for any reassessed level 6 modules. This rule does not apply to those guilty of cheating at examinations or plagiarism.

In deriving a mark for classification purposes, marks shall carry a weight according to the credit rating of the module. Any entitlement to a classification, merit or distinction may be set aside at the discretion of the Examination Board in the light of findings following a case of cheating; the Examination Board may also award an unclassified Degree to a candidate for Honours in such circumstances, and may fail a student who has otherwise passed the course concerned. Student

For Master Degree awards by the University, assessment Criteria shall be as follows:-
